On August 5th, 2024, BBA students from the Department of Business Administration presented an in-depth analysis of the recently announced Budget 2024. This presentation was a key component of their curriculum, designed to deepen their understanding of fiscal policies, economic planning, and their implications for the business landscape.

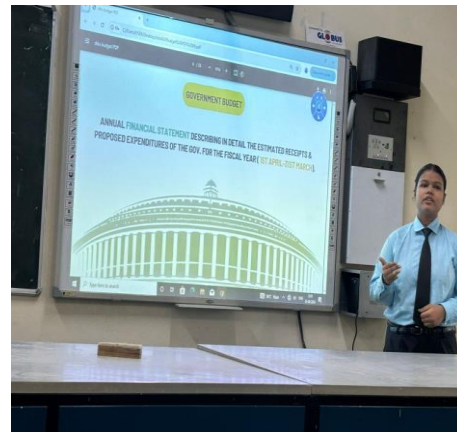

### Key Highlights of the Presentation

- **Introductory Speech:**

- The session began with an introductory speech by Prof. Manish Kumar Srivastava, our coordinator. He set the stage for the presentation, emphasizing the importance of understanding the budget's impact on various sectors and the broader economy.
1. **Overview of Budget 2024:**
    - The students delivered a thorough breakdown of the government's revenue and expenditure plans for the fiscal year 2024-2025.
    - They emphasized key areas of focus, including infrastructure development, education, healthcare, and digital transformation.
  2. **Sectoral Impact Analysis:**
    - An analysis of how budgetary allocations affect different sectors was presented, including agriculture, manufacturing, technology, and small businesses.
    - The students explored potential benefits and challenges for each sector, considering aspects such as tax reforms, subsidies, and government incentives.
  3. **Fiscal Deficit and Debt Management:**
    - The presentation included an examination of the projected fiscal deficit and the government's strategies for national debt management.
    - The students assessed the sustainability of these strategies and their long-term economic impact.
  4. **Social Welfare and Inclusive Growth:**
    - The students analyzed the social welfare programs introduced in the budget, focusing on healthcare, education, and social security measures.
    - They discussed how these programs are designed to promote inclusive growth and reduce inequality.

#### **Organising Faculties:**
