

Activity Report

Industry, Innovation and Infrastructure – Build resilient infrastructure, promote inclusive and sustainable industrialization, and foster innovation

Name of the Event	Chemistry Research Interaction
Department	Department of Chemistry
Date (or Period)	14/03/2024
Organizer (Name of the University)	Deen Dayal Upadhyaya Gorakhpur University Gorakhpur
Online/Offline Mode	Offline Mode
Brief Write-up in English	<p>The Department of Chemistry organized a one-day <i>Chemistry Research Interaction</i> on 14th March 2024 to promote academic exchange and research collaboration among students and faculty members. The event aimed to provide a platform for sharing recent advancements, research findings, and innovative ideas in the field of chemistry. Faculty members, research scholars, and postgraduate students presented their work on topics ranging from green chemistry and nanomaterials to medicinal chemistry and environmental sustainability. The interactive sessions encouraged healthy academic discussions, feedback, and networking. Special emphasis was laid on interdisciplinary research and its real-world applications. The event also featured a guest lecture by who shared valuable insights into current trends and future opportunities in chemical research. The programme concluded with a vote of thanks and appreciation for all contributors. Overall, the interaction was highly informative and fostered a spirit of inquiry and collaboration within the department.</p>
