<b>Brief Write-up in English</b>	<p>The Department of Economics organized a special lecture on 20th October 2023, focusing on the life and contributions of a Nobel Laureate in Economics. The lecture aimed to enlighten students about the significance of Nobel Prize-winning research and its impact on economic theory and policy. The guest speaker delivered an engaging presentation on highlighting their key contributions, such as welfare economics, development theory, or international trade. Students and faculty members actively participated in the session, which included thought-provoking discussions and Q&amp;A. The lecture helped deepen the understanding of advanced economic concepts and inspired students to explore research and innovation in the field. Overall, the event was highly informative and intellectually stimulating, contributing to academic enrichment within the department.</p>
