Brief Write-up in English	<p>The Department of Psychology successfully conducted a Three-Day Workshop on Research Methodology and Advanced Statistics in Social Sciences to enhance research skills among students and scholars. The workshop covered essential topics such as research design, hypothesis formulation, sampling techniques, and statistical tools including SPSS and inferential statistics. Resource persons provided hands-on training and practical demonstrations. Participants actively engaged in sessions, gaining valuable insights into conducting rigorous and data-driven research. The workshop was highly informative and contributed to academic excellence and research capacity-building.</p>
