Bachelor of Computer Application (BCA) 2. Post Graduate Diploma in Hardware Networking & Security 3. Post Graduate Diploma in Cyber Law 4. Post Graduate Diploma in Software Development 5. Post Graduate Diploma in VLSI and Embedded System Design.

3. Innovations in curricular design and transaction:

The university is conscious about its courses & syllabi. This process takes place through board of studies at department level, board of faculty at faculty level and finally approved by the academic council of the university. It is a perennial process and all the departments of the university, after taking into account the needs of the hour, make the changes accordingly. In this context, the departments take care of interrelated disciplines and their role in curriculum

designing. The changes are made in the course structure and syllabi of U.G. and P.G. courses as per the latest development of technology and industrial need. During the year following innovation were effected:

Departments	
Law	At U.G. Level (L.L.B.) the course have been revised as per latest BCI direction, 2010
Chemistry	<ul style="list-style-type: none"> ● Several papers have been restructured and reframed to keep the interest of students and considering the NET/GATE/General purpose examinations. ● ‘ Computational Chemistry’ and ‘Analytical Chemistry’ introduced in B.Sc. III as a special paper. ● Semi-micro analysis is introduced in M.Sc. previous practical.
Defence & Strategic Studies	ICT applied as a part of course for practicals.
Electronics	According to latest development of technology and industrial need, the UG & PG courses of the dept. are regularly monitored and upgraded through the academic bodies time to time.
